

Corktown Is the Most Connected Site in Hamilton

A 5-minute walk to the Hamilton GO station, Corktown is perfect for GTA commuters and Hamilton locals. The residential building is conveniently close to the McMaster campus and Hamilton's incredible nature trails.

Award-winning developer Slate Asset Management continues to raise the standard for outstanding design quality and superior value. Corktown's efficient, design-forward suites and best-in-class amenity offering set this project above the rest. Corktown will be an anchor to the already growing Hamilton.
